

THE BIG ZERO SHOW

ENGAGE WITH THE UK'S LEADING ENERGY END USERS

24 MARCH 2026 | CHICAGO BOOTH LONDON CONFERENCE CENTRE

About The Big Zero Show

THE ESSENTIAL EVENT FOR NET ZERO LEADERS

The Big Zero Show is the must-attend event for large energy end users looking to share, learn and act on their Net Zero goals. Designed to connect sustainability leaders and innovators, it's where insight meets action – helping businesses cut cost, carbon and energy use.

New for 2026 – **London** edition at Chicago Booth Conference Centre

150–200 senior delegates from 400+ registered large **energy users**

Focused on **real** Net Zero case studies, technology and strategy

A practical day to learn, network and discover new **solutions**

Event format

**A FULL DAY OF LEARNING, NETWORKING AND INSPIRATION
AROUND THE JOURNEY TO NET ZERO**

Four dynamic elements, one powerful day.

Pathway to Net Zero – Real-world case studies from end users

Net Zero Index – Tech and solutions sessions from innovators

Networking Zone – Connect with peers and partners

Net Zero Gallery – Explore solutions at your own pace
